

# BRING HOPE TO A SCHOOL IN KENYA

**About Us: Mission of Faith, Dignity, and Opportunity**
In September 2023, a group of friends traveled with our pastor to see his country of Kenya and the school his sister had founded. What we saw at the school convinced us to start a non-profit to help the children. In July 2025, another group of friends traveled back to Kenya to visit the school. These trips changed our hearts forever.

Nothing prepared us for what we would see — or for the children who would stay with us long after we returned home. We met with them in a humble school on the outskirts of Nairobi, a place where joy and hardship live side by side. These children radiate faith, hope, and potential, yet they face daily challenges no child should ever have to endure.

**A School Built from Love**
The school's founder, who grew up in the same neighborhood, began with just 12 students and a dream of giving children a chance at a better life. Today, more than 238 children fill the classrooms — not because conditions are ideal, but because this school is their only hope for an education.

Mlolongo, Kenya

## Why We Are Raising Funds

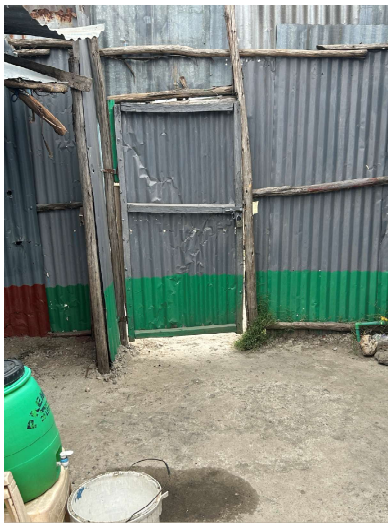

No child should be denied the chance to learn, grow, and dream because of circumstances beyond their control. And no teacher should have to choose between serving their students and feeding their own family.

Your support will help us:

- Provide textbooks, notebooks, and classroom supplies
- Improve and expand classroom spaces
- Replace unsafe bathroom structures with sanitary facilities
- Support the meal program that keeps children nourished
- Ensure teachers receive consistent pay

Every dollar goes directly to the school — not through layers of administration, not through intermediaries, but straight to the children and teachers who need it most.

## A Call to Compassion

We witnessed faith, resilience, and hope that humbled us. We saw how even the smallest act of generosity can change a child's life. Your gift — no matter the size — will have an immediate and profound impact on these students and the teachers who serve them with such love.

We simply saw the need with our own eyes and could not walk away. We believe God placed this school in our path for a reason, and we feel called to help in whatever way we can.

Together, we can be the hands and feet of Christ for a community that truly needs it. Please consider donating — these children are Kenya's future. Please click on the link below and make a donation. No matter how big or small, we can all make the lives of these children a little be better.
